MarineShaft består af selskaberne MarineShaft A/S, MarineService A/S samt MarineShaft Inter-national A/S, der servicerer kunder i industrien, den maritime sektor og offshore branchen fra hele verden. MarineShaft tilbyder en lang række services men er specialiseret i klassegodkendt koldretning af propelleraksler og rorstammer.

MarineShaft råder over en bred veluddannet og meget erfaren medarbejderstab, der bl.a. tæller offshore certificerede og certifikatsvejsere, som udfører projektering, fremstilling, udbygning, levering, montering, udskiftning, renovering, reparation, service og vedligehold inden for følgende områder:

- Opretning
- Ror og propeller
- Mobil maskinering og laseropmåling
- Skibsservice, offshore og industri
- Service og reparation af motorer og turboladere
- Service, reparation og konvertering af køle, frys og RSW-anlæg

MarineShaft har naturligvis døgnservice, og opgaverne udføres med kort varsel enten på eget værksted eller on-site over hele verden, hvor kunden måtte ønske det, eksempelvis ombord på skibe. MarineShaft har desuden et stort lager af reservedele samt klassegodkendt stål og foringer i rustfrit stål og bronze.

MarineShaft consists of the companies MarineShaft A/S, MarineService A/S and MarineShaft International A/S, who service customers in the industry, the maritime and the offshore sectors from the whole world. MarineShaft offers a wide range of services but is specialized in class-approved cold-straightening of propeller shafts and rudder stocks.

MarineShaft has a broad well-educated and highly experienced staff, including offshore certified and certified welders, who carry out planning, manufacture, extension, supply, installation, replacement, renovation, repair, service and maintenance within the following areas:

- Straightening of shafts
- Rudder and propellers
- Mobil machining and laser alignment
- Ship service, offshore and industry
- Service and repair of engines and turbochargers
- Service, repair and conversion of cooling, freezing and RSW-plants

Naturally, MarineShaft has 24-hour service and the jobs are carried out with short notice in own work-shop or on-site all over the world, where the customer requests it, for example onboard ships. Furthermore, MarineShaft has a large stock of spare parts plus class approved steel and liners in stainless steel and bronze.
